NEW AUGUSTA NURSERY, INC.
New Augusta, Indiana

BUY FRESHLY DUG PLANTS AT A LOCAL NURSERY AND ENJOY THE DIFFERENCE

WHOLESALE PRICE LIST

FALL 1949

SPRING 1950

We are furnishing an ever growing list of field grown perennials to the discriminating trade around Indianapolis. It is recommended that you obtain your stock at the nursery, where it will be freshly dug, with as little disturbance to the roots as the nature of the plant will permit.

All plants are field grown in nursery rows, and since nursery conditions are much more rigorous than any garden condition, our plants should thrive in any garden.

Our stock are limited on some of the scarce and harder to grow items, but we are adding to our stock daily and now have one of the greatest selections of perennials in Central Indiana.

A limited list of shrubs, trees, and evergreens is also being developed, particularly in the items usually scarce in the trade.

We make no guarantee on any plants other than that they are true to name and of size claimed, and in no case will we be responsible for any loss other than the purchase price of the plant.

NEW AUGUSTA NURSERY is located on West 59th Street. Drive west on Kessler Boulevard to Guion Road (first road west of Big Four R.R.). Turn north on Guion Road to first road (59th Street) and go west to Nursery.

Prices quoted are net, cash, for first class, field grown plants at the Nursery.

For the convenience of those clients who have limited time outside business hours, we keep the nursery open on Sundays and evenings from September 1 to December 1 and from March 1 to June 15.

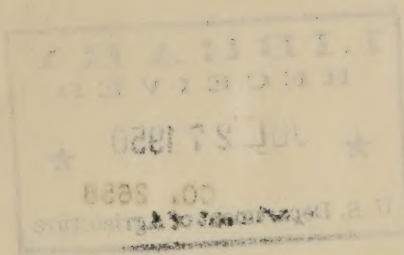

Rhubarb, asparagus, raspberries, blackberries, strawberries, are available during the spring season.

We also have annual plants by the dozen, or in flats of 100, available for both wholesale and retail after May 10. We will be pleased to quote and to hold material of this type for your Spring needs.

A good selection of Fall bulbs will be available about September 25th. Ask for special list. Tulips, Hyacinths, Daffodils, Crocus, Eranthis, Galanthus, Choinodoxia and Scillas in variety.

Potted Hybrid Tea Roses will be ready about May 10, 1950.

MISCELLANEOUS SUPPLIES

	<u>per bu.</u>	<u>per bag (2 bu.)</u>
PEAT	.50	1.00
COW MANURE	.50	1.00
TOP SOIL	.50	.75
GROUND LIME	.75	1.25

In addition to the regular list of perennials we have limited quantities of many others. *Teucrium chamaedrys*, *Pachystima canbyi*, Hardy English Ivy, both large and small leaf, and other hard to get plants are available in limited quantities.

In the Spring, we pot some 3000 perennials in 5" Cloverset pots of varieties which we have learned will handle well, and these are available to both wholesale and retail trade as long as they last. They are well adapted to planting as late as July 1. They are priced at 10 cents over the regular prices.

In the Spring, we got some 3000 perennials in 2" Clever's pots of varieties which we have learned will handle well, and these are available to both wholesale and retail trade as long as they last. They are well adapted to planting as late as July 1. They are priced at 10 cents over the regular prices.

In addition to the regular list of perennials we have limited quantities of many others. *Tenorella chamaedrys*, *Asperula cynodactylus*, *Barb. Anglica* ivy, both large and small leaf, and other hard to get plants are available in limited quantities.
